Dimitrios G. Katehakis (M) holds a Diploma in Electrical Engineering (Telecommunications & Electronics) from the Technical University of Patras, Greece (1991) and an MS in Electrical Engineering (Computers) from the University of Maryland at College Park (1993). Since 2010, he has headed the Center for eHealth Applications and Services (CeHA) at the Institute of Computer Science, Foundation for Research and Technology – Hellas (FORTH). His work focuses on advancing digital health through the introduction of innovative, forward-looking, integrated EHR services and the development of innovation ecosystems. Ongoing and past participation in projects, co-funded by the EU, include IRHIS (HORIZON-I3), PRECISEU (HORIZON-EIE), smartHEALTH, Level Up (DIGITAL), VELES (HORIZON-WIDERA), X-eHealth, MyPal (H2020), CAREMATRIX, INCAREHEART, eCARE, ROSIA, STARS, RELIEF (H2020 PCP), e-SENS (ICT PSP/ CIP), EURECA (FP7-ICT), EHR-Q-TN (FP7-ICT Policy), EHR-IMPLEMENT (DG SANCO), INFOBIOMED (IST/ FP6-2002-IST-1-507585), PICNIC (IST-1999-10345), RETRANSPLANT (DGXIII - Health Telematics), TEMeTeN (DGXVI - RISI 2), HECTOR (DGXIII - Health Telematics) and CreteCT (Ministry of National Economy & INTERREG II). Experience includes also working with the Medical School of the University of Maryland at Baltimore for the IONDT (US Federal) and MCR (MD State, Dept. of Health and Mental Hygiene - CDC) projects, as well as with the National Defense Ministry of Greece, the Association for Research, Technology & Training, and the Hellenic Telecommunications Organization (OTE). Dimitrios is a certified Project Management Professional (PMP). He is also certified in IT Service Management (ITIL Foundation). During 2005-2010, he was responsible for implementing four Integrated Information Systems FORTH developed for four Regional Health Authorities in Greece. Since 2011, he has been scientifically accountable for more than 400 projects related to operational EHR systems in the National Health System of Greece (NHS). In 2016-2018, he served as a General Secretariat for Research and Technology representative at the National Board of eHealth Governance in Greece. In 2014-2024, he was elected General Secretary of HL7 Hellas. In 2018-2021 he served as the elected General Secretary of the Hellenic Health Informatics Association. In 2020-2022 he served as a member of the Mental Health Committee at the Central Board of Health of the NHS. Since 2021, he has been the appointed Administrator and Director (since 2022) of the Hellenic Digital Health Cluster. In 2023-2025 he represented the smartHEALTH European Digital Innovation Hub in Greece's Innovation Team of the General Secretariat of Public Administration. Since 2023 he has been a member of the Greek Network of Molecular Oncology scientific committee. Since 2025, he serves as a member of the scientific committee of the Digital Academy of the Greek Patients' Association. Dimitrios has several publications in international journals and presentations at scientific conferences and workshops worldwide. He also acts as a regular reviewer and a program committee member for many premier journals and conferences, such as BMC HSR, Elsevier CMPB, IJMI, JBI, Emerald Publishing TGPPP, Hindawi IJTA, JHE, HL7 IHIC, IEEE BHI, BIBE, CBMS, EMBC, JBHI, IET Software, IGI Global IJRQEH, IMIA ACI, MEDINFO, EJBI, Springer Nature and many more.
